

**VOLTTIC™ Electric Vehicle Charging Network**

**Product of Tvesas Electric Solutions Pvt Ltd**

**Smart EV Charging Platform**

# E-Mobility As Service Charging Platform

**Powered By:- TVESAS ELECTRIC SOLUTIONS PVT LTD**

# ENABLING YOU TO MANAGE & OPERATE YOUR OWN CHARGING NETWORK

Volttic® charging management is a unique EV charging platform providing businesses, organisations and similar with the ability to deploy and self manage their very own EV charging network without having to incur any of the significant costs associated with developing a back-office, phone app and secure payment/management platform.

## An Dedicated Partner Login

A screenshot of the Volttic dashboard's 'Users' management page. It shows a table with columns for Name, Mobile Number, and Registration Date. The table lists several users, including Shreya Joshi, Neha Dushyani, Karishma Demla, Yash solanki, Prateek Shukla, Prateek Sharma, ALAN MAGUIRE, VOLTTC EV CHARGING, Rajan Raymaghi, and Pratul Kellar.

Users		
Name	Mobile Number	Registration Date
Shreya Joshi	8124372389	18-02-2019
Neha Dushyani	9482948822	18-02-2019
Karishma Demla	9482923333	18-02-2019
Yash solanki	9482923331	18-02-2019
Prateek Shukla	9482923335	18-02-2019
Prateek Sharma	9848223335	18-02-2019
ALAN MAGUIRE	8007017512	21-02-2019
VOLTTC EV CHARGING	9711829983	21-02-2019
Rajan Raymaghi	9554077700	12-03-2019
Pratul Kellar	9827069627	02-04-2019

**For Your EV charging Operations?**

Meet the VOLTTIC®

# Charging Management System (CMS)

**“Easy, Simple, Intelligent and insightful charging management to keep track and monitor charge”**

## Hassle-free

invoicing Automate the invoicing and reimbursement of charging costs with multiple stakeholders and generate hassle-free income by setting fees for your charging station users.

## Easy and smart management

Manage multiple charging stations, transactions, and users from a single interface with ease and (energy) efficiency.

## Insights into your business growth

Get real-time insights into charging transactions and behavior. Add an unlimited number of users, stations, and cards to scale and sustain your EV charging business.
